For a limited time we're offering the ultimate addition to your ducted air conditioning system at no extra cost.

You'll receive the AirTouch V4 Smart Control System with a **LARGE 8" High Definition controller**, that will deliver the most sophisticated control of the air conditioning within your home from the user friendly interface that doubles as a smart hub. By selecting both the desired temperature and airflow in just **5% increments** you are in total control from anywhere in your home. You'll also receive notifications including home temperature alerts and periodic service reminders.

The AirTouch V4 offers the ultimate control for up to 16 zones. For even greater convenience the system can link to your smart phone allowing you to operate and monitor from just about anywhere. Enjoy precise individual temperature in the room of your choice with a **FREE** room sensor, plus we'll include a Google Nest Hub delivering the added convenience of voice commands plus a whole lot more. It just couldn't get any easier.

Just ask your Mouritz representative about the full benefits of the AirTouchV4... it's the smart choice.
