

UPGRADE YOUR OLD DUCTED REFRIGERATED AC WITH THE LATEST HIGH EFFICIENT INVERTER TECHNOLOGY

36 MONTHS INTEREST FREE TERMS*

We have different machine makes and sizes available to replace all existing products regardless of brand. All products have a minimum full 5 year manufacturer parts and labour warranty.

Our machine replacement/upgrades include a pre-installation site inspection by a technician to report back on existing system details and to confirm all installation requirements.

Replacement installation includes: decommission and removal of old unit, fitting new unit and fully programmable wall controller to existing duct design and zoning system and reconnecting new unit to existing mains power supply and condensate drains.

| Home Size | Home Profile | Max Outlets | Max M2 Cool-Heat Capacity | PRICE GUIDE INSTALLED |
|-------------------|------------------------------------|-------------|---------------------------|-----------------------|
